## Community Shred Saturday, April 27<sup>th</sup> 9:00am – Noon

ShredDepot will be onsite to collect and shred personal documents.

Staples, paper clips, hanging folders, and rubber bands are able to be shredded with the documents. Documents in three ring binders or other metal bindings cannot be shredded; they must be separated prior to drop off.

There will also be a separate truck available to collect any excess cardboard and plastic containers used to transport your shred documents. These materials along with the shredded paper will be recycled after the event. The paper is recycled locally at a tissue paper mill near Greensboro.

This event is provided at no charge.

Donations will be accepted.

Funds to be used in 2013 school year towards sustainability education.
